Dear Temagami Community,

During these challenging times caused by the COVID-19 pandemic, organizations are changing to adapt to the crisis. The Temagami Community Foundation (TCF) is adapting and doing its part to support the Temagami community that we serve.

We have made the decision to cancel all face to face events for this summer including Annual General Meeting, the Arts Camp, the canoe museum trip for children, the C100 event at Northwaters and the annual fish fry at Camp Wabun. However, we are planning “virtual” activities. Virtual as over the internet. For example, the Arts Camp will be converted to a series of engaging and enriching activities presented online throughout the summer. The first such event ran on June 19<sup>th</sup> and was a great success - stay posted for further updates on our website.

Getting grants out into the community is a high priority for the Foundation and we are pleased to announce that over \$30,000 has been awarded and distributed already this year! This includes \$20,000 from the Truck and Boat Lottery that was held last year. Organizations that received grants in 2020 are Temagami Area Fish Involvement Program, Living Temagami, Cancer Care Close to Home-NBRHC, Marten River Fire Department, Temagami Fire Department and Temagami Family Health Team. Your donations along with fund raising initiatives over the years have made these grants possible so please continue to support the Temagami Community Foundation through donations or volunteering.

When it became evident that the COVID crisis was likely to be long lasting, the TCF considered how to redirect our efforts from traditional fundraising and granting to serving the Temagami Community in other ways. What evolved is the COVID Temagami Working Group, a small group of TCF directors and staff along with volunteers from Living Temagami. Our summer student Krista Blais coordinates and communicates the group’s activities under the direction of Deb Morrow, TCF Administrator. The COVID working group communicates COVID related information to individuals and businesses in Temagami, identifies issues for our local businesses related to COVID circumstances and works towards finding solutions, researches and shares relevant COVID related grant opportunities with appropriate parties and coordinates resources to alleviate stresses for individuals (e.g. musical performances for seniors). This group’s efforts are evolving and making a difference.

The Government of Canada recently created The Emergency Community Support Fund (ECSF) to support vulnerable populations as they manage the impacts of COVID-19. The Government has partnered with national intermediaries namely, Community Foundations Canada, the Canadian Red Cross and United Way Centraide Canada, to deliver the ECSF. TCF recently became aware of this fund and applied to Community Foundations Canada for a grant for our area. We are pleased and honored to have had \$60,000 entrusted to TCF from the ECSF for granting within the Temagami community! Under this program grants will be awarded for eligible projects serving vulnerable populations such as children, youth, seniors and elders. Grants will be made through qualified donees such as the Municipality of Temagami and Temagami First Nation. Applications for grants must be made by July 27, 2020 for activities occurring between April 1, 2020 and March 31, 2021. TCF is working with the Municipality and Temagami First Nations to identify projects in the Temagami community to award grants under this program. If you have a proposal for a project please bring it to the attention of TCF at [info@temagamicommunityfoundation.com](mailto:info@temagamicommunityfoundation.com) or by telephone at 705-569-3737.

Thank you for your continuing support.

### Arts Camp Opening Performance >>>

Our opening program for the TCF Virtual Arts Camp was a huge success! Over 700 participants – including many Temagami-area children and families participants – enjoyed *Mistatim*, a production brought to you in partnership with Red Sky Performance, a leading company of contemporary Indigenous performance founded by TCF board member Sandra Laronde and for which she serves as Executive and Artistic Director. Check the Arts Camp tab of the website for upcoming events.

Red Sky creates inspiring experiences of contemporary Indigenous arts and culture. Now in our 20<sup>th</sup> year of performance (dance, theater, music, and media) the vision of Red Sky derives from its creator Sandra Laronde from the Teme-Augama Anishinaabe (People of the Deep Water). Her vision is dedicated to expanding and elevating the ecology of contemporary performance informed by Indigenous worldview and culture. Learn more about this dynamic organization at

Emergency grant opportunity >>>

The Emergency Community Support Fund (ECSF) is a \$350 million emergency funding program from the Government of Canada.

In collaboration with the Canadian Red Cross and United Way Centraide Canada, Community Foundations Canada is proud to be involved in the allocation of funding. The fund is designed to help Canada's most vulnerable populations during the COVID-19 crisis. The global pandemic has left no community untouched, and it is having a disproportionate impact on vulnerable Canadians who are less equipped to deal with its health, social and economic impacts.

# Meet our newest TCF team members!

## Krista Blais

Born and raised in Temagami, Krista is very passionate about the people, the spirit, and the communities that make it so unique. In the fall she will be pursuing her last semester at the University of Ottawa to obtain an Honours Bachelor's Degree in Environmental Science. This summer will be Krista's second year with the Community Foundation, and her roles include social media management, administrative duties regarding the Emergency Community Support Fund (ECSF), and other general administrative duties. Krista's passion for the community of Temagami is what drew her to want to work for the Foundation, and the aspect she finds most appealing is being part of an organization which principally works to sustain and further the community's essential character.

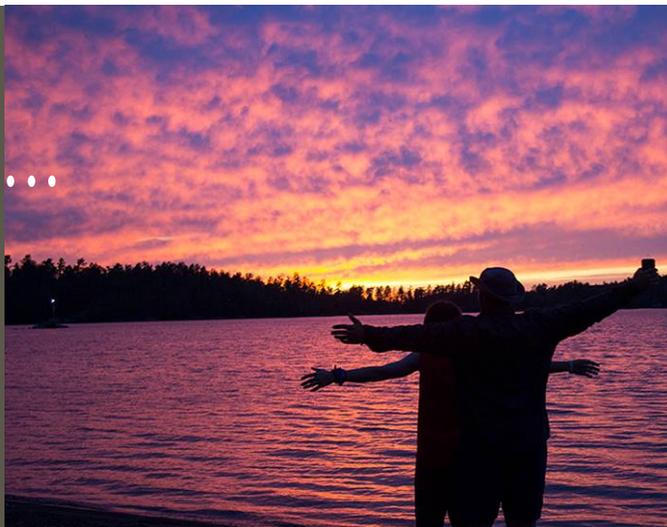

## Allan Hughes

Born and raised in Hamilton, but is a seasonal resident of Temagami. Recent graduate of Mohawk College from the Paralegal program. Allan is responsible for helping to manage the online technical aspects of the Foundation, such as zoom meetings. Allan is interested in working with the Foundation to help increase the Foundation's reach in the community by using modern technology to communicate and collaborate with one another.
